Tools 4 Schools depends on the generous donations of essential school supplies from Ottawa citizens and businesses.

Supplies are dropped off at City of Ottawa public Libraries and sorted at the Ottawa Food Bank by volunteers.

CAYFO collects requests and tries to match the supplies with Ottawa's children and youth living in poverty, from kindergarten to 12th grade.

Each year the demand of these supplies goes up.

**We ask that you request only what you need and we will do our best to ensure that everyone's needs are met.**
